SUMMARY

Computer Science undergraduate with hands-on experience in full-stack web development using React.js, Node.js, Express.js, and MongoDB. Strong foundation in Data Structures, Object-Oriented Programming, Databases, and Computer Networks. Passionate about building scalable web applications and solving real-world software engineering problems.

WORK EXPERIENCE

IT Intern | Jackson Limited, Noida

June 2026 – Present

- Supporting IT operations and infrastructure management in an enterprise environment.
- Working with cloud technologies, networking fundamentals, and system administration tasks.
- Assisting in troubleshooting technical issues and maintaining system performance.
- Gaining practical exposure to cloud platforms, security best practices, and enterprise IT workflows.
- Contributing to documentation and process improvement activities.

KEY EXPERTISE

TECHNICAL SKILLS: Programming Languages: Python, SQL, Java, C, C++

Frameworks & Libraries: React.js, Node.js, Express.js

Databases & Tools: MongoDB, MySQL, SQLite

Cloud & DevOps: Cloud fundamentals (Compute, Storage, Networking), IAM basics

Development Platforms & IDEs: VS Code, Jupyter Notebook, IntelliJ IDEA

Version Control & Deployment: Git, GitHub, Docker

SOFT SKILLS: Leadership, Initiation, Time Management, Organization, Decision Making, Speech, Teamwork, Communication, Adaptability, Collaboration.

PROJECTS

AI-Based Honeypot for Threat Detection

- Designed a simulated vulnerable environment to attract and capture attacker activity
- Logged and monitored malicious traffic and intrusion attempts
- Analyzed attack patterns to understand threat behavior
- Gained hands-on exposure to security monitoring and system vulnerabilities

Real-Time Chat Application

- Built a real-time chat system using Socket.io for multi-user communication
- Implemented dynamic messaging with timestamps and room-based chats
- Enabled geolocation sharing and real-time updates
- Ensured seamless frontend-backend integration using Express.js

ACHIEVEMENTS

- **GATE 2026 (CSE) Qualified**
- Solved **200+ Data Structures and Algorithms problems** on LeetCode, covering arrays, linked lists, and recursion.

EDUCATION

Dronacharya College of Engineering | Gurugram University

Bachelor of Technology – Computer Science and Engineering:

Gurgaon, India

2023 – 2027

8.2/10.0 GPA

CERTIFICATIONS

- Node.js Fundamentals – Udemy
- React.js Fundamentals – Scaler
- Cisco Networking Basics (Cisco Networking Academy)
